The causes of Sustentation and Foreign Missions were represented by Drs. Bullock and Murkland. After Dr. M.'s address a collection was taken up for Foreign Missions, amounting to \$150. Publication was represented by Rev. J. K. Hazen, the lately elected Secretary.

On application of the Union Church, Alexandria, that church, with its pastor, Rev. Dr. Bullock, were transferred from the Chesapeake to the Maryland Presbytery, and an application to transfer Hartwood Church, Stafford county, Va., from East Hanover to Chesapeake Presbytery was declined because it would render the pastor's salary uncertain.

The Evangelistic Work was brought before Synod in a report made by Rev. A. C. Hopkins, of this place, and the same work among Colored People was brought up by Rev. Dr. Theodrick Pryor. These matters received attention, and the Synod authorized Dr. Pryor's Committee to engage a Colored Evangelist for the Colored People.

The Division of the Synod seems to have received more of its attention than any other subject, and was carnestly and ably debated for two or three days. Many propositions and plans were presented, but a paper presented by Rev. G. W. Finley, of Romney, W. Va, was adopted, referring the question to the Presbyteries to consider at their spring meetings next year.

THE ELECTION.

The election so far for members of the 46th Congress, says the Baltimore Sun, show a net loss to the republicans of eleven members, of whom the democrats gain five, the greenbackers gain five, and in the third district of Vermont there was a failure to elect, though the greenback and democratic candidate had a large plurality, and will doubtless be chosen at the special election. In each case the greenbackers were elected by a fusion with the democrats. The republicans lose three Congressmen in Indians, three in Ohio, two in Iowa, two in Maine, one To Vermont and one in Oregon, while they only gain one-the representative from Colorado. After the settlement of the contested cases the democratic majority in the last House was over twenty, and from present appearances it is likely that majority will be at least doubled in the Forty-sixth Congress .-The latest reports from Indiana are to the effect that the democrats will have a clear majority in the next Legislature of that | Fote for Justice of the Peace in Charlestown State, in which event the re-election of Hon. WASHINGTON, October 11 .- Secratary Schurz to-day designated J. W. Babson, appointed clerk of the Patent Office, to the place of the editor of the Patent Office Gacette, made vacant by the resignation of Colonel Frank Burr. It is understood that the office of Mr. Babson is to be wined out entirely in the interest of alledged civil-service reform, and it remains to be seen whether any provision is to be made for the late la-

We were pleased to receive a call from Mej. Samuel Davison, the Greenback candidate for Sate Senator, on election day. The Major was in town looking to his interests in the election, and during his short stay here made quite a favorable impression, although he succeeded in winning but few voters from their fealty to the old Democratic party, as the returns at this precinct will show.

A Kentucky correspondent suggests this ticket for the democracy in 1880-

through the Republican newspapers about the Democratic gerrymander in Ohio, and yet the State of Indiana is so artistically districted that it requires 53,000 votes to elect a Democrat to Congress and only 29,000 to elect a Republican.

THE BANNER PRECINCY .- Twenty straight Democratic ballots were dropped at Manning's School-House. No split tickets, no scratching. They can claim to be the banner precinct of the county, if not of the State.

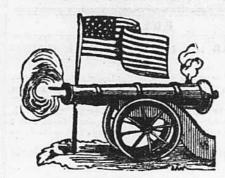

- Sir Garnet Wolsely is only forty-five. It was he who visited the Confederate army during the Rebellion and formed the opinion that Lee was the greatest military genus since Napoleon, and that he was greater than the German generals of this generation.

Faulkner's majority, Taylor county has voted to remove her county seat from Pruntytown to Grafton.

The subscription to the Potomac and Ohio Railroad was carried in Kanawha county. The Wheeling Register says : "The Legislature will contain a Democratic member

from Hancock county. This is an innova-

tion. Nothing of the kind ever occured bofore. Red hot Radical Marshall county will be represented in the House of Delegates by one Democrat and one Republican,-Eight years ago Marshall had ber last Democratic Delegates previous to this. Old Monongalia, pronounced by many as being biggotted in her political actions and joined to her eboney idol, sends a Democratic-Greenbacker; and casts a majority of her votes for a Senator of similar political faith. Harrison county will be represented by two Democratic Delegates this year. Outside of Ohio county, there don't seem to be any Republicans elected to the Legislature. She will be most almost alone in her glory."

In Ohio the returns show a gain for the Republicans in the popular vote, owing to the peculiar greenback complications in that State; but the Democrats elect eleven out of twenty Congressmen-a gain of three.

Indiana

gives four thousand Democratic majority, and we gain two Congressmen in that State. LETTER FROM HARPER'S FERRY.

HARPER'S FERRY, Oct. 5th, 1878. Mr Haines: - An Excursion, numbering between five and six hundred, via. Baltimore and Ohio railroad, spent the day on the 20th of September at Byrne's Island, in singing with music from an Estey organ, listening to a very sweet Band from New Market, Md. and in strolling along the gurgling Potomac. The surrounding foliage of Byrne's Island, clad in autumnal hues, is a scene only to be witnessed to be appreciated. The visitors, on the day mentioned, expressed themselves highly pleased. The improvements that the Baltimore and Ohio Company have in contemplation for next year will make the Island more attractive. The excursionists came from all points in Maryland -Monrovia and Mt. Airy being largely represented.

The Lutheran fair, which has been in progress for a week or more, has been very successful, owing to the ladies in charge. The jewels, over which there was a very spirited contest, were awarded to O. Kemp, Esq., he having received the largest number of votes. Among the victims of yellow fever in Louis-

isna was Mrs. Sallie Preston, the daughter of the late Gen. Huger, once Superintendent of the Armory at this place. Her husband, the Hon, Mr. Preston of South Carolina, represented the Confederate Congress. OBSERVER. Yours.

THE BEST OF FAMILY BIBLES.

The Secretary of the American Bible Society The Secretary of the American Bible Society recently remarked that in spite of the great number of Bibles annually sold in the United States, there are not half enough Bibles published. There are thousands of homes in our broad land in which not a single copy of the Sacred Scriptares is to be found.

Appreciating this great need, the National Publishing Company of Pulladelphia, Chicago, St. Louis and Dayton have issued one of the most attractive and superbeditions of the Bible ever published, and with the liberality that has characterized all their enterprises have is characterized all their enterprises have is-sued it in the most elegant styles of binding, and prices which bring it within the reach of

and prices which bring it within the reach of every fan ity.

To the text of the Bible is added a series of remarkable and unusually attractive features, which render this edition invaluable to every Christian household. Foremost among these is Dr. Smith's Dictionary of the Bible, which is admitted by all denominations to be the best Bible Dictionary ever published. We have next a series of succinct and carefully prepared accounts of the various religious denominations of the world, their history and teachings. The Life of the Savior and the Lives of the Apostles are brought forward prominently, and in such a are brought forward prominently, and in such a manner as to be of great service to every reader of the New Testament. The Wanderings in the Wilderness, and the Tab-macle and Temple are critically and admirably described. A series of Scripture illustrations and Customs of the Ancients, of Biblical Antiquities. Scenery, Natural History, etc. The City of Jerusalem is also described with great minuteness. Then follow a large number of chronological and other valuable tables, designed to promote and facilitate the study of the Sacred Scriptures.—These tables are so numerous that we have not space to name them. are brought forward prominently, and in such a

These tables are so numerous that we have not snace to name them.

The book is magnificently illustrated with superb engravings by the great artist. Gustave Dore, and with a large number of exquisite steel engravings. Of course in a family Bible much depends upon the illustrations, and the publishers of this volume have embellished their Bible with a taste and liberality that deserve the highest praise. The additional matter contains over 2,000 beautiful engravings, executed in the highest style of the art. These engravings are genuine works of art, and were made at a cost of over \$30,000. The great number and high character of these engravings make this the most valuable art publication of the century.

entury.
The Family Record and Marriage Cirtificate

The Family Record and Marriage Cirtificate are beautiful specimens of lithographing, and at the close of the volume is a handsome Photograph Album, with room for sixteen portraits, a very desirable feature in a work of this kind.

Every intelligent person knows that the excellence of the binding of a book depends upon its neatness and durability. A Bible may be very showly bound, and yet put together so filmsily that it will come to pieces in a few years. Although covered with shows stamps, and apparently well bound, the work may be done in such a loose and unsubstantial manner that with only ordinary handling the Bible will crack and finally fall to pieces. This Bible will crack and finally fall to pieces. This Bible is made upon a very different plan. Only the best materials are used in its manufacture, and all the work is done by the best of workmen and the most highly improved machinery. Every stage of the work is carefully supervised. It would be impossible to devise a system by which greater care could be given to the manufacture of a book, or by which the interests of subscribers could be more carefully guarded.—

The publishers realize the fact that a family Bible may be subjected to very hard usage, and must be bound substantially as well as handsomely. They are published in German also.

We cordially commend this magnificent Bible to our readers. It is a shame that any Christian household should be without a Family Bible and we commend this one as the most complete and the cheapest in the market. It is sold by subscription only, and Mr. A. W. HAWKS, who is the authorized agent for this section, is now canvassing for it.

BERKELEY ITEMS .- From the Martinsburg Statesman we copy the following:

Mr. Wm. Dore, of this city, a breakman on the B. & O. railroad, in attempting to couple up a car near Baltimore, Tuesday night, was run over and had his left leg badly fractured.

Rev. Juo. W. Lea, rector of Trinity church, this city, preached his farewell ser mon on Sunday night last. Many of his congregation were affected to tears when the good pastor referred to the severance that was about to take place.

As Mr. John burkhart, Jr , residing near Tuscarora, was stabling his horse on Thursday night last, he heard a noise in his smokehouse. Upon his enquiring who was there, the thief, and would-be-assassin, stepped boldly out and commenced firing upon Mr B, one of the shots taking effect in his hand, producing a pretty severe wound.

On Saturday morning last, about 8 o'clock, Mr. James Engle, who resides in this city, a freight conductor on the B. & O R R, was thrown off a coboose car, at Rollin's Water Station, about fourteen miles west of Cumberland, Md. His head was badly cut, his ear mashed and his shoulders severely bruised. Mr. E was brought home the evening of the same day and is now in a very critical condition.

- A colored man, giving the name of Geo. Jackson, was arrested in Cumberland on Wednesday, on suspicion of being a party to the shooting of officer Lantz, at Martinsburg, W. Va., Monday night.

Frederick, Md., this season. - In the Seventeenth Congressional District of New York two brothers are running against each other. One is a Republican and the other a Democrat. Another curious circumstance is that the initials of the brothers are the same.

- Captain Thomas H. Drew, who was the deputy sheriff which summoned the Aaron Curr jury, died in Richmond Wednesday, in his 94th year. He had resided in that city since 1803, and was probably the oldest inhabitant. His father was a gallant officer in the revolutionary army.

- During the past week the ravages of the yellow fever have shown but slight abatement in Memphis and New Orleans, and the disease has spread largely through the interior of Tennessee, Mississippi, Louisiana and part of Alabama. At all save a few small localities the record of deaths and new cases continues large.

- Messrs Logan, Walker and Moore, of this county, have purchased the beautiful Clydesdele Stallion, exhibited at the late Fair by Mr Stouffer, of Jefferson county, W. Va., and offer his services to the farmers of Londoun. Clydesdale is a handsome animal, and attracted universal admiration at the late exhibition .- Leesburg Mirror.

- An old darkey has given us his remedy for getting rid of cabbage worms, which is as follows: He gathers a lot of dog fennel, puts it into a barrel and pours water over it, lets it stand about twenty-four hours and then pours the water on the cabbage, which will kill or drive the worms away.

- Dissolve common salt in water, sprinkle the same over your manure-heap, and the volatile parts of the ammonia will become fixed salts, from their having united with the muristic acid of the common salt, and the soda thus liberated from the salt will quickly absorb carbonic acid, forming carbonate of soda; thus you will retain with your manure the ammonia that would otherwise fly away, and you have a new and important agent in troduced, viz: the carbonate of soda, which is a powerful solvent of all vegetable fibre. Fatal Shooting by a Railroad Robber in Martinsburg.

[Special Dispatch to the Baltimore Sun.] MARTINSBURG, WEST VA ,Oct. 8 .- Oc Monday night two colored men were caught by watchmen Christian Lantz and Michael Riordon in the act of breaking open car doors on a siding of the Baltimore and Ohio Railroad Company. Mr. Lautz grappled with one of the robbers, who exclaimed, "What are you going to do with me!" and turning suddenly upon Mr. Lantz, shot him in the abdomen near the navel. Watchman Riordon ran to the rescue, and the armed robber fired upon him also, striking him above the knee, producing a painful but not dangerous wound. The two robbers made their escape. Both the victims identified the assailant and his companion as desperate colored men who had been about Martinsburg for some time. From the first Mr. Lantz was not expected to recover. The surgeon attending him Dr. J. H. Hunter, pronounced the wound fatal as soon as he was called, and this evening the sufferer died from the officets of the abot. The authorities scoured the country, and a reward of \$150 was offered for their approhension. To-day one of the robbers who did the shooting was caught in the hut of a colored woman, about six miles southeast of Martinsburg, by Messrs P. J. Foreman, J. E. O'Neal and John Rhoads, and was safely lodged in jail Very great excitement prevails, and there are many threats of lynch-Both the watchmen were highly esing.

teemed in Martinsburg. Later .- As was anticipated a crowd of masked men forced their way into the jail about eleven o'clock and took the negro. Smith, out to hang him, but were pursuaded from doing so by Mr. A. Oden, of this city, and he was taken back to the jail. Great excitement prevails.
